

Dear Colleagues,

This collection of articles presents new challenging results in the field of scientific computing, numerical algorithms and mathematical modeling. The articles have undergone rigorous peer review using the EasyChair platform (<https://easychair.org/cfp/MMSC-2020>), as well as reviewed by on average of two Program Committee members. The members of the Program Committee and the editors of the collection have a fairly high rating in the field of computer science, reflected in the DBLP – Computer Science Bibliography:

Varvara L. Turova (21 DBLP indexed papers)

<https://dblp.org/pid/87/4392.html>

Andrey E. Kovtanyuk (15 DBLP indexed papers)

<https://dblp.org/pid/92/8850.html>

Hans Georg Bock (60 DBLP indexed papers and 4 editorships)

<https://dblp.org/pid/22/3314.html>

Florian Holzapfel (63 DBLP indexed papers)

<https://dblp.org/pid/80/8180.html>

Ekaterina A. Kostina (24 DBLP indexed papers + 2 editorships)

<https://dblp.org/pid/18/1385.html>

The content of the articles is relevant to the topic of the CEUR platform and presented in a consistent and readable manner.

We would be grateful for the opportunity to present our collection on the CEUR Workshop Proceedings platform.

Sincerely yours,

Varvara Turova, Andrey Kovtanyuk, Hans Georg Bock, Florian Holzapfel, Ekaterina Kostina
